

CALHFA SCHOOL PROGRAM

Product Codes: ECTP

<p>PROGRAM SUMMARY</p>	<ul style="list-style-type: none"> • The School Teacher and Employee Assistance Program (School Program) is a deferred payment, simple interest rate subordinate loan that is combined with a CalHFA first mortgage. Your low to moderate income first-time homebuyer can use this loan for down payment and/or closing cost assistance. The School Program loan provides up to 4.0% of the sales price or appraised value of the property, whichever is less, and must be recorded in second lien position. • CalHFA allows qualified homebuyers to layer other FHA-approved or Fannie Mae Community Second subordinate loans or grants to maximize affordability (with the exception of MyHome).
<p>TARGET MARKETS</p>	<ul style="list-style-type: none"> • This program is restricted to teachers, administrators, school district employees and staff members working for any California K-12 public school, which includes Charter schools and county/continuation schools. • Applicants must also be first-time homebuyers.
<p>ECTP LIEN POSITION</p>	<ul style="list-style-type: none"> • The ECTP must be in second lien position
<p>LOAN SCENARIO CALCULATOR</p>	<ul style="list-style-type: none"> • Loan Scenario Calculator is required to be submitted with the Underwriting package for ALL CalHFA programs both Retail/Wholesale loans. • Click the link below to input your Loan Scenario which includes the loan amounts for all programs utilized. <ul style="list-style-type: none"> ○ http://www.calhfa.ca.gov/calc/scenario.html

HAZARD INSURANCE REQUIREMENTS

A. General Hazard Insurance Requirements

1. Carrier

The hazard insurance policy for a property securing any first mortgage – including blanket policies for condos and PUDs - must be underwritten by a carrier that meets the following rating requirements:

a) An Insurer With An Acceptable Rating

Carriers Rated by A.M. Best Company, Inc.

- “B” or better Financial Strength Rating in *Best’s Insurance Reports*
- “A” or better Financial Strength Rating and a Financial Size Category of “VIII” or greater in *Best’s Insurance Reports Non-US Edition*

Carriers Rated by Demotech, Inc.

- “A” or better rating in *Demotech’s Hazard Insurance Financial Stability Ratings*

Carrier’s Rated by Standard and Poor’s

- “BBB” or better Insurer Financial Strength Rating in *Standard and Poor’s Ratings Direct Insurance Service.*
 - Insurers rated by more than one rating company need only meet one of the rating requirements.

b) An Insurer Covered by a Reinsurance Policy

- The reinsurance company must meet either one of the A.M. Best ratings or the Standard & Poor’s rating specified above.
- The primary insurer and the reinsurance company must be authorized (or licensed, if that is required) to transact business within the state where the property is located.
- The reinsurance agreement must have a “cut-through” endorsement that provides for the reinsurer to become immediately liable for 100% of any loss payable by the primary insurer in the event that the primary insurer becomes insolvent. The endorsement must be attached to each insurance policy that is covered by the reinsurance agreement.
- Both the primary insurer and the reinsuring company must execute an Assumption of Liability Endorsement Form 858 or any equivalent endorsement that provides for 100% reinsurance of the primary insurer’s policy and 90-day written notice of termination of the reinsurance arrangement. The endorsement must be attached to each insurance policy that is covered by the reinsurance agreement.
- A reinsurer can limit its coverage exposure by specifying a dollar limitation in the reinsurance endorsement. However, the insurance written under the policy cannot exceed that amount.

**HAZARD INSURANCE
REQUIREMENTS
(CONTINUED)**

c) Other Acceptable Insurance Underwriters

- A state insurance pool created by statutory authority to provide insurance for geographic areas or insurance lines which suffer from lack of voluntary market availability, if that is the only coverage that is available. Such pool may be designated as a property insurance plan, a Fair Access to Insurance Requirements (FAIR) plan, an underwriting association, a joint underwriting association or an insurance authority. The following are examples of such plans:
 - Hawaii Property Insurance Association (HPA); and
 - Florida Citizens Property Insurance Corporation

In addition, all insurance companies (insurers) and insurance companies which guarantee coverage provided by other insurance companies (reinsurers) must also be licensed or otherwise authorized by law to conduct business in the jurisdiction where the Mortgaged Premises are located.

2. Assessments

Insurance contracts must provide that no assessment may be made against the lender or the servicer, or any subsequent assignees, and that any assessment made against other may not become a lien on the Mortgaged Premises superior to the lien of the lender or any subsequent assignee.

3. Mortgage Clause; Endorsement

The mortgagee clause on all mortgage policies, binders, and certificates of insurance must show the mortgagee using the following language:

For loans purchased on and after June 1, 2016, the mortgagee clause is as follows:

LoanCare, LLC
ISAOA/ATIMA
PO Box 202049
Florence, SC 29502-2049

The mortgagee clause must provide that the insurer will notify the named mortgagee at least 10 days before cancellation of the policy.

4. Policy Term

The policy must be written for at least a one year term or be continuous until cancelled.

**HAZARD INSURANCE
REQUIREMENTS
CONTINUED**

5. Policy Effective Date

The policy effective date must be on or before the date the Borrower’s loan is funded.

6. Evidence of Insurance

At closing, the Borrower must provide evidence that the property is covered by hazard insurance in one of the following forms:

- Hazard Insurance Policy;
- A Certificate of Insurance, Evidence of Insurance Form, Declaration Page, or Insurance Binder (Temporary Insurance Contract) that contains at least the following information:

- Name of insured (for condominiums and PUDs, the homeowners association is the named insured);
- Name of mortgagee
- Property address, including zip code. A legal description must be shown for rural properties, condominiums, or other properties if the property address does not adequately define the location of the property. (Example: Route 1, Box 5, is inadequate).
- Mailing address, if different from property address (second homes and non-owner occupied investment property)
- Type, amount and effective dates of coverage
- Deductible amount and coverage to which each such deductible applies;
- Any endorsement or optional coverage obtained and made part of the original policy;
- Insurer’s agreement to provide at least 10 days’ notice to the mortgagee (including any applicable PUD or Condominium Unit or ground lease community leasehold mortgagee) before cancellation of the policy; and
- Signature of an authorized representative of the insurer, if required by law

Purchase Transactions – At closing, the borrower must provide a paid receipt for the first year’s premium.

FLOOD INSURANCE REQUIREMENTS

A. General Flood Insurance Requirements

1. Standard Flood Hazard Determination (SFHD)

Each loan delivered for purchase must include the Federal Emergency Management Agency (FEMA) Standard Flood Hazard Determination (FEMA Form 81-93) used in determining whether any of the improvements for a subject property are located within an identified “ Special Flood hazard Area” (SFHA). SFHAs are shaded on a Flood Hazard Boundary Map and designated on a Flood Insurance Rate Map. These areas are designated by the following symbols: A, AE, AH, AO, AR, A1-30, A-99, V, VE, VO, and V1-30.

Underwriter must ensure that there is no discrepancy between the flood hazard designation on the SFHD and the flood insurance policy if the flood insurance policy shows a lower risk zone then the SFHD unless the discrepancy results from the application of the NFIP’s “Grandfather Rule”. For information on the “Grandfather Rule” see Question #71 in the Q&A’s issued by the federal banking regulators available at

<http://www.federalreserve.gov/newsevents/press/bcreg/bcreg20090721a1.pdf>

2. Federally Available Flood Insurance

Flood insurance is generally required if any building, dwelling, structure, or improvement is located within an SFHA that has mandated flood insurance purchase requirements under the National Flood Insurance (NFIP) (unless the mortgage is an FHA Section 240 mortgage). Except as provided in Section 12, if flood insurance is not available because a community does not participate in the National Flood Insurance Program (NFIP), Provident Bank Mortgage will not fund loans secured in those areas.

3. Location of Property Within the SFHA

a. Principal Structure Located Within an SFHA

Flood insurance is required if any part of the principal structure is located within an SFHA. Flood insurance on detached buildings, such as stand-alone garages, sheds, or greenhouses, located within an SFHA is required if they serve as part of the security for the loan.

b. Principal Structure Not Located Within an SFHA

If the principal structure on a property is not located within a SFHA, flood insurance generally is not required even if another detached structure on the property is located within the SFHA.

**FLOOD INSURANCE
COVERGAGE
CONTINUED**

However, if the detached structure is attached to the land and serves as part of the security for the Loan, flood insurance is required for the detached structure (and may be purchased through a separate policy on a general property insurance form), unless Underwriter determines that the principal structure represents sufficient security for the Loan and releases the detached structure from the security. If buildings are “carved out” from the security, the property must be marketable in the event of foreclosure and the “carve out” must be permissible under the local zoning rules.

c. Waivers

Provident Bank Mortgage will waive flood insurance requirements if the borrower obtains a letter from FEMA stating that its maps have been amended so that the buildings securing the Loan are no longer in an SFHA.

4. Notice of Special Flood Hazards and Availability of Federal Disaster Relief Assistance.

If any part of the principal structure is located within an SFHA, the Loan file must include the Notice of Special Flood Hazards and Availability of Federal Disaster Relief Assistance that was provided to a borrower in accordance with the Flood Disaster Protection Act. The Loan file must contain evidence that the borrower received the Notice of Special Flood Hazards no later than 10 days prior to closing unless the Loan file documents why it was not feasible to meet that time frame. The Notice of Special Flood Hazards may not be provided the same day as closing.

We recommend that the borrower receive the following additional information, or substantially similar information, either on the Notice of Special Flood Hazards or on a separate notice acknowledged by the borrower.

“If you obtain the minimum amount of flood insurance coverage identified in your Notice of Special Flood Hazards, you may not have sufficient coverage to rebuild or restore your home in the event of a catastrophic flood. You may be required to use your own cash reserves to make necessary repairs if the insurance is insufficient to fully repair your home. Servicers also have the right to require flood insurance coverage equal to the maximum amount available under the NFIP, which is more than you are required to obtain at the closing of your loan.”

**FLOOD INSURANCE
COVERGAGE
CONTINUED**

“You should carefully review your potential exposure to flood damage with your insurance provider and consider purchasing coverage equal to the maximum amount available under the National Flood Insurance Program (NFIP), which is the lesser of

- a) The maximum limit available for the type of structure; or
- b) The “insurable value” of the structure (the replacement cost value)”

5. Acceptable Policies

The flood insurance policy must be in the form of the standard policy issued under the NFIP. Policies that meet the NFIP requirements, such as those issued by licensed property and casualty insurance companies that are authorized to participate in the NFIP’s “Write Your Own” program, are acceptable.

6. Multiple Structures

If multiple buildings securing the loan are located in an SFHA in a participating communication, the Underwriter must determine the amount of insurance required on each building and add these amounts together to determine the minimum amount of flood coverage. Each building securing a loan must be covered by separate policy. The amount of total required flood insurance can be allocated among the secured buildings in varying amounts, but all buildings in an SFHA must have some coverage.

7. Mortgagee Clause

The mortgagee clause on all mortgage policies, binders, and certificates of insurance must show the mortgagee using the following language.

Lakeview Loan Servicing, LLC c/o LoanCare, LLC
 ISAOA/ATIMA
 PO Box 202049
 Florence, SC 29502-2049

The mortgage clause must provide that the insurer will notify the named mortgagee at least 10 days before cancellation of the policy.

8. Policy Term

The policy must be written for at least a one year term.

9. Policy Effective Date

The policy effective date must be on or before the borrower’s loan is funded.

**FLOOD INSURANCE
COVERGAGE
CONTINUED**

10. Evidence Of Insurance

At closing, the borrower must provide evidence that the property is covered by flood insurance in one of the following forms:

- Flood Insurance Policy;
- Declarations Page; or
- Copy of the Flood Insurance Application with a paid receipt for the first year's premium

Acord evidence of coverage, Acord certificate of insurance, temporary declaration page or insurance binder are not acceptable as evidence of flood insurance.

11. Escrow Policy

If a loan requires flood insurance, flood insurance must also be escrowed.

12. Flood Insurance Coverage

(a) 1-4 Unit Properties, individual PUD units, Detached Condominium units, Townhouses, and Rowhouses

1. Coverage Amount

The flood insurance coverage must equal the lesser of the following:

- The outstanding principal balance of the Loan; or
- The maximum amount of insurance available under the NFIP, which is the lesser of:
 - The maximum limit available for the type of structure; or
 - The “insurable value” of the structure. (The NFIP does not insure land; therefore land values are not included in the calculation of the insurable value).

2. Deductible

The maximum allowable deductible is the maximum deductible from the NFIP (currently \$10,000).

(b) PUDS

1. Coverage Amount for Individual PUD Unit

The coverage amount is the same as for other 1-4 unit properties.

2. Coverage Amount for PUD Project

The policy must cover any common elements buildings and any other common property located in an SFHA.

The flood insurance coverage must equal to lesser of the following:

**FLOOD INSURANCE
COVERGAGE
CONTINUED**

- 100% of the insurable value of the facilities; or
- The maximum coverage available under the appropriate NFIP Program.

3. Deductible

- **Individual unit**- The maximum deductible available from the NFIP (currently \$10,000)
- **PUD Project**- The maximum deductible available from the NFIP (currently \$25,000)

(c) Condominiums

1. Homeowner’s Association

The condominium homeowner’s owners must obtain an NFIP Residential Condominium Building Association Policy (RCBAP) with the following coverage:

- **Building Coverage**

Building coverage must equal the lesser of the following:

1. 100% of the insurable value (replacement cost) of the building, including amounts to repair or replace the foundation and its supporting structure); or
2. The total number of units in the condominium building times \$250,000

- **Contents coverage**

Contents coverage must equal the lesser of the following:

1. 100% of the insurable value of all contents (including machinery and equipment that are not part of the building) that are owned in common by the association members; or
2. The maximum amount of contents coverage sold by the NFIP for a condominium building.

2. Unit Owner’s Coverage

Flood insurance is generally not required for individual Condominium units. However, if a homeowner’s association refuses to obtain a RCBAP policy or when the RCBAP policy does not comply with the requirements above, the borrower must obtain a dwelling policy on the individual unit equal to the minimum amount of coverage for a 1-4 unit property as specified above.
